

Auroracoin Browser Wallet Privacy Policy

Information Collection and Sharing

- 1) We do not collect any information from you or collect information from the Google Extension Webstore when you install the extension.
- 2) We do not have access to your wallet and do not share any information concerning usage of the extension with our servers or any 3rd party services or servers.
- 3) We do not have access to your funds or private keys which are stored locally on your computer.
- 4) The private keys do not leave your computer but are only used to sign transactions broadcast to the Auroracoin Blockchain Network.
- 5) Due to the public nature of blockchain technology your transactions will be visible on the Auroracoin blockchain.
- 6) We read exchange rate information from 3rd party servers and you are responsible for verifying the exchange rate. It is most important to ensure you are sending the correct amount of Auroracoins in your transaction.
- 7) If you contact us for support we will not share your email or any other contact information with any other company or service and will endeavor to keep that information secure and confidential.

Privacy Policy Rights and Questions

We reserve the right to change or amend any part of this Privacy Policy at any time in the future. All questions should be emailed to info@auroracoin101.is
